(full-time)

I find myself extremely honored to be receiving the Women's Foundation's Logistics and Transport Scholarship 2013/14 and sincerely grateful for the recognition of my academic achievements and extra-curricular activities. I would also like to express my gratitude to all the professors who have been giving me chances to learn and to apply throughout my studies.

Staying Curious, especially outside the comfort zone would ignite ideas and momentum that you didn't even expect. I have been bearing in mind that whenever there is a chance, I would grab it tight and ask the right questions to the right person and at the right timing. With passions and energy, you will always be able to absorb knowledge like a sponge and perform remarkably well.
