Categories: Research Staff

Part-time Student Research Assistants (2 posts) in the Department of Geography

We now invite applications for the captioned post.

Duties and Responsibilities

- Assist with questionnaire design, data collection, data validation, and data query concerning the locations, characteristics, and services of veterinary clinics and pet-friendly premises (e.g., pet-friendly hotels, pet-friendly parks) in Hong Kong.
- Assist with literature review concerning pet-friendly initiatives and spatial access to veterinary care.
- Assist with questionnaire design regarding the pet-friendly initiatives and travel experience of pet owners in Hong Kong.
- Estimated 30 hours of work per month.
- Flexible working hours.
- Can work from home.

Requirements

- Current Year 2-4 undergraduate students in transport, geography, social sciences or related disciplines
- Candidates with previous experience and training in questionnaire design are preferred
- Candidates must be fluent in Cantonese and English
- Candidates must be able to read and write English and Traditional Chinese

What We Offer

The appointment is expected to commence as soon as possible and will last for three months. The contract is renewable depending on performance. The salary will be at the standard rate set by the Department of Geography.

How to Apply

Applicants can send an up-to-date C.V. to Prof. Peter Koh at peterkoh@hku.hk. Review of applications will start as soon as possible and continue until the post is filled. For further enquiries, please contact Prof. Peter Koh at peterkoh@hku.hk.
